## THE GRIMM FAMILY TREE

## Grimm Descendants in America

Wendelin Grimm was born on October the 18th, 1818, in the Village of Kulsheim in the Grand Duchy of Baden, Germany. He was the only child of Valentine and Marie Adelsmann Grimm. He was married to Julianna Segner, and emigrated to America in 1857 with his family of three children. A daughter, named Caroline was born two years later here in America. The name of Grimm soon became very familiar here, for it was he who was the originator of that famous Grimm alfalfa.
