Notified the Clerk to record the following decision of the County Board, they adjourned until the 7th day of April A.D. 1859 at 10 o'clock A.M.

Feb. 1, 1859. Four committee appointed to examine the Road petitions for and remonstrated against passing through the lands of Mr. Jacob Slicker and others would respectfully report that we have examined the present and proposed route and find that as regards the proposed alteration if accepted, the road would have to pass through swamps, that would require a great deal of labor and cost to the Town and in fact a continued outlay to Road in possible condition. Four committee would therefore report in favor of the Road as at present surveyed.
